Giving Thanks: King's Kitchen celebrates its 6th anniversary

BY CASSANDRA FAVRE
STAFF WRITER

Volunteers and guests of the King's Kitchen on Monday celebrated the soup kitchen's 6th anniversary. Central Bible Church pastor Mike Ramsey said that on Nov. 19, 2012, the kitchen served baked chicken and green beans to about 35 people. "During that six years later, we've served more than 145,000 meals," Ramsey said. King's Kitchen serves meals six days a week and serves about 90 to 100 people a day in a restaurant-style setting where guests are served their meal, Ramsey said. The kitchen is a non-profit outreach of Central

Bible Church, he added. Ramsey also handed out a stack of certificates to organizations and individuals that help the kitchen on a daily basis. "We appreciate the support of so very many in the community," Ramsey said, "including the Silver Slipper Casino and to the cities of Bay St. Louis and Waveland. We also thank the Waveland and Bay St. Louis police and fire departments. Finally, nothing would be possible if it wasn't for hardworking people like Rev. Connie Lyons, our outreach pastor at the kitchen." Children from Steep Hollow Baptist Church's

Man found dead after house fire at Standard Cemetery Rd.

BY STACEY CATO
CONTRIBUTING WRITER

A 72-year-old man was found dead after a fire destroyed his mobile home on Standard Cemetery Rd in Kiln Friday night. The fire started around 7:30 p.m. Officials from multiple agencies responded to help battle the blaze. Upon arrival, firefighters noticed the roof of what looked like a single-wide mobile home had collapsed and were informed the homeowner may have still been inside. After crews extinguished most of the flames, they began to search and found the body of an adult male inside the gutted, smoldering structure. Numerous fire departments and other agencies throughout Hancock County were on scene.

Don't let phones gobble your attention and buckle up for Thanksgiving travel

SEA COAST ECHO

There is so much to love about Thanksgiving: family and friends, turkey and touchdowns, pumpkin and pecan pies. The holiday should be a relaxing time, and the Mississippi Department of Transportation (MDOT) wants all motorists to reach their destinations safely by avoiding distractions and buckling up.

“Thanksgiving is one of the busiest holidays for the traveling public,” said Melinda McGrath, P.E., MDOT executive director. “Motorists should plan and prepare for an influx of travelers on Mississippi roadways. All drivers should take extra precautions to ensure they, and others, arrive safely to their holiday destinations.”

The American Automobile Association (AAA) projects 48.5 million Americans will take a Thanksgiving road trip. The 2018 holiday weekend will see the highest Thanksgiving travel volume since 2005, with 54.3 million more people taking to the nation’s roads, skies, rails and waterways.

With the increased traffic on Mississippi highways this week, MDOT urges all motorists to avoid driving distracted. Research shows sending or receiving text messages takes a driver’s eyes off the road for an average of 4.6 seconds, the equivalent – at 55 miles per hour – of traveling the length of a football field

blind. Drivers who use a hand-held device are four times more likely to get into a serious crash.

“Drivers have one job when they are behind the wheel: to drive,” McGrath said. “Don’t let text messages and phone calls take your attention. They can wait. If it’s urgent, find a safe place to stop or have a passenger assist.”

Across the nation, busy roads can become dangerous around Thanksgiving. During the holiday weekend in 2016, there were 341 people killed in crashes nationwide. About half of those who died were not wearing seat belts.

Simply buckling your seat belt increases your chance of surviving a crash. In 2016 alone, seat belts saved 14,668 lives, according to the National Highway Traffic Safety Administration.

“Drivers and passengers should buckle up every time they get in a vehicle,” McGrath said. “Before the vehicle gets put in drive, everybody should be buckled in.”

No matter your Thanksgiving destination, safety should be your top priority. MDOT offers these tips for safe driving this Thanksgiving:

Buckle up! Seat belt use is one of the easiest and most effective ways to save lives and reduce injuries from a possible crash.

Get plenty of rest before driving. Remember to plan frequent stops if traveling long distances.

Always use caution in

work zones. Road workers also want to make it home safely to their families for the holidays.

Watch out for wildlife! Cooler temperatures mean deer and other wildlife are more active on the sides of Mississippi highways. Use extra caution if traveling during the times of dusk and dawn.

Do not drive impaired. If you do plan to drink, make sure you have a designated driver.

Plan ahead! MDOT has travel free travel resources to help motorists reach their destination safely.

MDOT crews and contractors will halt all road construction requiring lane closures beginning the afternoon of Wednesday, November 26. Construction will resume the morning of Monday, November 26. This will provide maximum travel capacity and minimal construction delays to motorists traveling throughout the state during the holiday weekend.

“Even though no highway construction work will be occurring across the state, motorists should be aware that some lane closures will remain in place,” said McGrath. “These lanes closures are there to protect motorists, and MDOT urges drivers to treat these areas as active work zones.”

Oversize and overweight hauling will also be restricted at noon on Wednesday, November 21, and may resume normal travel on Friday, November 23. This does not apply to

permitted loads that have 24-hour movement.

Skinner is new Diamondhead Code Enforcement Official

SEA COAST ECHO

Mike Reso, City Manager for Diamondhead announced today that local attorney Dara Skinner has been hired as the new code enforcement official for the Building Department.

“This is a very important position for our building department to ensure that city ordinances are followed to protect the beauty of our community,” said Reso.

While the position is part-time, reporting to Building Official Ron Jones, Skinner will be actively involved in driving each ward to identify any properties that are outside the codes of the city. In this position, she will conduct inspections for compliance with various city ordinances and investigate complaints of unauthorized installations, violations of city codes, zoning ordinance, tree ordi-

nance, sign ordinance, and property maintenance.

“I am honored to be selected for this position and I can assure our citizens our approach will be one of customer service and outreach,” said Skinner. “We want to help our citizens by providing technical assistance to show them what measures they need to take to correct any violations.”

Skinner has been an attorney in private practice for 19 years with extensive legal

On the verge of great things

I LOVE writing my annual Thanksgiving column. As an American living in the 21st century, there is an overwhelming amount to be thankful for. Global poverty is in a rapid decline. Within the last generation, the persistence of people living a subsistence existence has declined from 40 percent to 10 percent. This is the greatest period of economic advance in the history of man. And we're just getting started.

In almost every area, the world is progressing. This progress can be stressful as change always is, but the end result will be higher standards of living for us all. That's a good thing.

Money does not buy happiness, true. Studies have shown that after about \$75,000 a year in income, additional money causes as much stress as pleasure. The United States, which has an average per capita income of \$60,000, will reach that point in six years.

The average per capita income in the world is \$10,000. At current growth rates, the world average per capita income will reach \$75,000 in 50 years.

In other words, my children could live to see the world reach maximum material happiness in their lifetime.

This is truly mind boggling. The human struggle for material well being has been ongoing for thousands of years. We are now on the cusp of succeeding. Statistics are one thing, but this reality is apparent in our day-to-day lives in just about everything we do. Think about the human quest of knowledge. Today a smartphone, properly used, can give an average American instant access to all the combined knowledge of the world – literally, in the palm of our hands.

Thirty years ago, such a device would have cost a billion dollars. Indeed, we are all billionaires.

Look at something as basic as the light bulb. Two years ago, I replaced all my incandescent light bulbs with LED bulbs. I haven't changed a light bulb since. It now costs me \$50 to light my house for a year – one tenth the cost from before.

People worry about global warming, but last year the world installed twice as much wind and solar power as fossil fuels. At that rate, the world could replace fossil fuels in 35 years, including gasoline and diesel.

In reality, the rate of wind and solar growth won't stay the same. It will skyrocket. New storage technologies will emerge, leading to a world of extremely low cost energy that will have little effect on global warming. So let's quit being Chicken Littles.

Seems it was just a few years ago, everyone was alarmed about deforestation. Unfortunately for the pine tree farmers, Mississippi has more forests than ever before. We have a huge abundance of wood to build the world's houses.

Just walk into a grocery store. You can buy just about

Heaven claims another gentleman

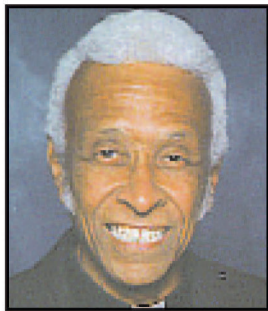

After a leisurely drive from Holy Ghost Church in Opelousas to New Orleans,

Pastor Lambert Lein spied a side entrance to Notre Dame Seminary and turned in with Associate Pastor Rofinus Jas and me. A handy parking slot was waiting for us.

Entering the serene seminary chapel, we immediately saw the body of Bishop Carmon, SVD lying in state up front. Dominic's brother Clifford and his wife Ann greeted us in the rear, while his sister Vercie Carmon Johnson was farther up.

Cordoned off with a thick, soft decorative rope, the mortal remains of Bishop Carmon lay in a fully-open coffin, attired in beautiful white vestments and miter with a semi-dark, multicolored border. Seeing my fixed gaze, an usher asked, "Do you want to get closer to the body?" At my nod, she pulled back a bit of the rope.

With a deep sigh, I studied Dominic's body from miter to shoes. Laying my right hand on his hands that clutched a gleaming black rosary, and placing my left hand on

his forehead, I stood there transfixed in meditation for some minutes.

In bold relief, my mind drifted back to Saint Augustine Seminary in Bay Saint Louis, Mississippi in September 1946 when I met a freshman outside the seminary chapel where the breezeway now stands on the west side. "I'm Jerome LeDoux," I offered. "I'm Dominic Carmon from Frilot Cove, Louisiana," came the response.

I simply exploded in laughter. "Frilot Cove? Where on earth is Frilot Cove and who in the world would come from there?" Gentle Dominic just smiled quietly, no doubt

muttering to himself that this guy was going to take him on a long, rough ride.

I was entering my senior year and was brash enough to think I was Mr. Big Stuff.

Dominic never changed from the country boy mystique of Frilot Cove to the city slicker persona of big-town people. He had a charm that grew only better with the passage of time. No city slicker could hold a candle to the man he became.

Allow me to quote Mrs. Sandra Johnson Gordon, a dear friend of Dominic's,

"Faithful, Prayerful, Peaceful, Confident, he Loved and worked for the people. As a spokesman, he was Humble, Respected, Devout, Sincere, Truthful. This is the Bishop Carmon I knew and LOVED!!!!"

My mind drifted back to Dominic's priestly silver jubilee on February 2, 1985.

He had invited me to speak at his anniversary Mass in Opelousas. Would you believe that, preceded by rain, a Siberian Express cold front dropped the temperature to 9 degrees, blanketing the whole region with ice and shutting down

all intercity ground travel in the entire region? Nevertheless, determined to reach Dominic, I chartered a Cessna 210 to fly me and a young SVD priest from Baton Rouge, where I was at Saint Paul Church, to the municipal airport in Opelousas. Sight unseen, the universal sheet of ice covered everything everywhere we craned our heads from the airplane.

At the Mass, I began the sermon with Romans 8:35, "What shall separate us from the love of Christ? Will anguish or distress... or peril?" And what will separate us from Father Dominic Carmon? Will peril or bitter cold and ice, impassable roads and overpasses? Thus, with many smiles we shrugged off the chill and celebrated Dominic's anniversary in style. Our waiting pilot flew us back right after the Mass.

My mind returned to November 16, 2018. Before I left Dominic's body, his sister Vercie's husband Amos approached me and shared, "When the

Don't let Thanksgiving dinner go up in smoke

With the festivities and excitement of the holidays, you can easily become distracted and forget about what's cooking on the stovetop in the kitchen.

This Thanksgiving, Commissioner of Insurance and State Fire Marshal Mike Chaney says there is a simple way to have a safe holiday.

"If you stay alert, and stand by your pan while cooking, you could prevent a fire," Chaney said.

Thanksgiving is the peak day for home cooking fires, according to the National Fire Protection Association (NFPA). In 2016, U.S. fire departments responded to an estimated 1,570 home cooking fires on Thanksgiving.

Marshal

By recognizing the risks of the holidays and making simple adjustments, people

can greatly reduce their chance of home cooking fires.

Use these safety tips from the State Fire Marshal's Office when preparing your Thanksgiving meal:

- Be on alert. If you are sleepy or have consumed alcohol, don't use the stovetop or oven.

- Stay in the kitchen when you are frying, grilling, or broiling food.

- If you must leave the kitchen for even a short period of time, turn off the stove.

- If you are simmering, baking, boiling or roasting food, check it regularly, remain in the home while food is cooking, and

use a timer to remind you that the stove or oven is on.

- Keep in mind that you should avoid wearing loose clothing or dangling sleeves while cooking. Loose clothing can catch fire if it comes in contact with a gas flame or electric burner.

- No kids allowed. Keep kids away from cooking areas by enforcing a "kid-free zone" of 3 feet (1 meter) around the stove.

- If you have young children, use the stove's back burners when-

MHP Holiday Enforcement period begins today

SEA COAST ECHO

The Mississippi Highway Patrol will begin the 2018 Thanksgiving Holiday Enforcement Period on Wednesday, November 21, at 12:01 a.m. and conclude Sunday, November 25, at midnight.

Due to anticipation of heavy traf-

fic, MHP will participate in Operation Crash Awareness and Reduction Effort during the holiday period. As part of Operation CARE, State Troopers will place emphasis on saturation patrols to combat speeding, promote seatbelt usage and prevent reckless driving. Drivers should avoid text messaging or any driver distraction that could endanger

lives and have sober designated drivers in place when necessary. During the period in 2017, MHP investigated 163 crashes with 5 fatalities and made 46 DUI arrests on state and federal highway systems. We are asking motorists to join with us in making the roadways safer in Mississippi and to include safe driving as part of their holiday traveling plans.

ever possible, and turn pot handles inward to reduce the risk that pots with hot contents will be knocked over.

- Never hold a small child while cooking.
- Keep it clean
- Keep anything that can catch fire—pot holders, oven mitts, wood-

en utensils, paper or plastic bags, food packaging, towels or curtains—away from your stove top.

- Clean up food and grease from burners and the stove top.

- If you have a fire

- Just get out!
- When you leave, close the door behind you to help contain the fire.

- Call 911 or the local emergency number after you leave. Be sure others are getting out and you have a clear way out.
- Keep a lid near-

by to smother small grease fires. Smother the fire by sliding the lid over the pan and turn off the stovetop. Leave the pan covered until it is completely cooled.

- For an oven fire, turn off the heat and keep the door closed.

While the practice is not generally recommended by fire safety experts, the Mississippi State Fire Marshal's Office recommends that those who choose to fry turkeys follow the following safety guidelines.

If using a turkey fryer:

- Fryers should be used outdoors, a safe distance from buildings and any other flammable materials.
- Some turkey fryers are designed for indoor use. If you use one of these, follow manufacturer directions carefully.
- Never use a fryer in a garage or on a wooden deck.
- Make sure fryers are used on a flat surface to reduce accidental tipping.
- Never leave the

fryer unattended. If you do not watch the fryer carefully, the oil will continue to heat until it catches fire.

- Never let children or pets near the fryer even if it is not in use. The oil inside can remain dangerously hot hours after use.
- To avoid oil spillover, do not overfill the fryer.

- Use well-insulated potholders or oven mitts when touching pot or lid handles. If possible, wear safety goggles to protect your eyes from oil splatter.

- Make sure the turkey is completely thawed and dried before cooking. Be careful with marinades, because oil and water do not mix, and water causes oil to spill over causing a fire or even an explosion hazard. (The U.S. Dept. of Agriculture recommends you thaw a turkey 24 hours for every 4 to 5 pounds.)
- Keep an all-purpose fire extinguisher nearby. Never use water to extinguish a grease fire.

doctor told Bishop Carmon, "There's nothing more that I can do for you with your heart beating at 5 percent and your kidneys shutting down," he answered, "C'est la vie!" He told the Archbishop et al Friday, "I will die on Sunday." And so it came to pass at 11:53 a.m.

Soon after his ordination, Dominic was sent to serve in Wewak, Papua, New Guinea to minister to 6 churches and 21 villages. Those 7 years were the happiest of his life, reminding him of his childhood on the farm where they had no electricity or running water.

While vacationing in Chicago and planning to return to Wewak, his superior reassigned him to Saint Elizabeth where he served from 1969-1988.

He was then assigned to serve a divided Holy Ghost Church in Opelousas until Pope John Paul II appointed him auxiliary bishop of the Archdiocese of New Orleans.

That appointment came despite a near lethal bout with

cancer in 1990 when the doctor told Dominic that he might not live till Easter.

Dominic was given a medal of Saint Elizabeth Ann Seton and parishioners began a novena to her, asking that he be healed. After about three weeks of treatment, changes began in his body that the doctors did not understand. The cancer vanished, and even doctors said "Miracle!"

Dominic served God and others until November 11, 32 days before turning 88.

every type of food you can imagine. That's if you need to buy groceries. There are hundreds of restaurants in Jackson serving every kind of cuisine imaginable at affordable prices. We have an abundance of everything in America and the rest of the world is not far behind.

People love music. We have more music than ever, streamed to a countless array of portable devices we can take anywhere.

Entertainment? Netflix and streaming video provide us with more sports, movies and shows than we could watch in a 100 lifetimes. The resolution of the new televisions is almost lifelike with 4K, yet 4K will be obsolete in a few years. The screens will be

better than your eyes can tell.

Travel? We have more jets, hotels, cruise lines, resorts than ever. Soon, you won't even have to get on a plane. You can put on virtual reality goggles and walk through the streets of Paris as though you were there.

Recreation? Goodness gracious the options are unlimited: biking, swimming, tennis, golf, running, walking, weightlifting, motor-biking, horses, hunting, fishing, spectator sports. There are more recreational possibilities than we have time.

Health? People know more about healthcare than ever. For one thing, the Internet can provide instant access to information about all kinds of ailments. Hospitals and specialty clinics can treat an almost unlimited number of diseases. There is a pill for everything. The biggest impediment to our health is our own bad lifestyle decisions. We are on the verge of breaking the

code on cancer.

Heart disease is one of the biggest killers in this country. Just 10 years ago, a heart attack meant a cracked chest and a bypass with a six month recovery. Now stents run through a wrist incision can bring heart attack victims back to normal health in a couple of days.

I recently had a bad tooth. I was dreading bloody gum surgery. Turns out a new laser invention can annihilate all the germs without damaging the human gum tissue. I was in and out of the chair in an hour with zero post-op pain. A huge advance in just a few years.

How about money and finance? I use Venmo and Cash App to send money anywhere at the touch of a smartphone screen. In Africa, electronic banking is proving to be a huge advance, allowing vibrant economic activity in the poorest, most remote regions of the world. This is

transformative.

World peace? The little skirmishes we see today are nothing compared to the world wars of yesteryears. The major powers will never have another war. Weapons are so advanced, we dare not use them and haven't. America has deployed sophisticated missile shields that can protect us from attack.

When I was young, everyone was terrified of overpopulation which would lead to massive starvation. Didn't turn out that way. In fact, the opposite is happening. Turns out, as the world develops, birth rates drop like a rock. European and American birth rates are so low, we're not even replacing our existing populations. Same in China. India won't be far behind. The bigger problem will end up being under-population.

One of the biggest worries for senior citizens is when the kids take away their keys. Hold on a

few more years, that won't be a problem. Driverless cars are coming and 35,000 fewer Americans will die on the roads each year.

Best of all, in Mississippi we have more churches per capita than anywhere in the world. Our material abundance pales in comparison to our spiritual abundance. We have thousands of pastors and Sunday School teachers who understand God's word and will joyfully teach us about the Holy Spirit. That's one of the great ironies about our material abundance, with the Holy Spirit, we don't even need it.

So don't get sucked into the national news cycle, which is designed to focus on the negative and the scary. Yes, there is still sin and evil in the world. This is part of the human condition.

But on Thanksgiving 2018, we have more to be thankful for than our Pilgrim ancestors could ever have imagined.

Barrel

Continued from Pg. 1A

The barrels were donated by Coca Cola. Students from Hancock High School SADD Club, Our Lady Academy Art Classes, Saint Stanislaus High School Art Classes and First Baptist Church Bay Saint Louis Youth Group, The Boys & Girls Club of Hancock County, the Studio of Classique Vibe, Bay Community Garden volunteers and other local artists painted these barrels.

On Nov.7, the barrels were displayed and recognized at Bay St. Louis City Hall. These decorative barrels will adorn the Bay St. Louis community sidewalks, parks and beachfront.

"Our projected goal for the barrels is to have 100 painted barrels around the city," Siebenkittel said. "This project will continue through the end of the year and throughout 2019, as well.

If anyone would like to volunteer to decorate a barrel or for more information, contact Siebenkittel at 228-466-5522.

Fire

Continued from Pg. 1A

As many firefighters began to leave, officials with the Hancock County Sheriff's Office and Hancock County Emergency Management could be seen scouring the area.

Hancock deputies used yellow crime scene tape to rope off a large part of the area and secure the property.

Harrison County fire officials assisted Hancock County fire crews at the scene.

The incident is currently under investigation. Few details were available on Friday evening, including the identity of the victim.

CHRISTMAS TREE LIGHTING THIS SATURDAY, 6PM AT THE HANCOCK COUNTY COURTHOUSE

Bay St. Louis – It's beginning to look a lot like Christmas in Bay St. Louis. It's the intent of some downtown locals to make sure that each year, the city becomes more and more welcoming and decked out in holiday cheer, encouraging locals and visitors to shop, eat, and stay here as part of their annual traditions.

New this year to the downtown festivities will be a lighted Christmas tree, which will make its official debut this Saturday, Nov. 24. The fresh 20-foot Frazier Fir holiday tree, complete with over 3000 lights, will be placed in front of the Hancock County Courthouse, located on the first block of Main Street. The official lighting will be at 6 p.m. Saturday night. The Coast Chorale will be on hand leading holiday carols, and the public is encouraged to add to the fun by arriving in their lighted golf carts or bikes.

"It just seemed right for our town to have a gorgeous Christmas tree right in the heart of Old Town," said organizer Nikki Moon, owner of the Bay Town Inn. "With our sparkling snowflakes already gracing our oak trees, we hope that locals and businesses and visitors will join the fun as we strive to make the Bay an annual destination for the holidays."

The tree was sponsored by local realtors, including Coldwell Bankers, John McDonald Realty, O'Dwyer Realty and Raymond Realty. The tree was also sponsored by the Old Town Merchants Association.

Coast Electric announces students selected for 2019 Youth Leadership Program

SEA COAST ECHO

Four local students will represent Coast Electric and the state of Mississippi in the Electric Cooperatives of Mississippi's 2019 Youth Leadership program. Caleb Bergmann of Gulfport High, Jordan Calomese of Bay High, Alaina Olsen of St. Patrick and Mary Thames of Gulfport High will be Coast Electric's representatives for the program.

Each year, high school juniors from Coast Electric's service area, which includes Hancock, Harrison and Pearl River

counties, are selected by their school counselors to participate in Co-op U, Coast Electric's selection process for the program. This year, 26 of the area's top students spent a day doing team-building activities, learning about cooperatives and participating in interviews in hopes of winning one of four coveted spots representing their local cooperative. Judges from other electric cooperatives in Mississippi evaluated the students and selected Bergmann, Calomese, Olsen and Thames to represent Coast Electric in a trip to Jackson next February and a trip to Washington,

The program, administered by the Electric Cooperatives of Mississippi, brings students from all over Mississippi together for a leadership conference in our

state's capital, where they interact with state legislators and enhance their leadership skills. During the trip to Washington, D.C., in June, Mississippi's student representatives will be part of a group of more

than 1,700 students from 47 states participating in the National Rural Electric Cooperative Association's Youth Tour. They will spend their time meeting with Mississippi's elected senators and representatives, getting to know stu-

dents from across the country and touring the city.

The youth leadership program is part of Coast Electric's commitment to education and improving communities in south Mississippi.

Generosity Abounds at Pass Christian Middle School

SEA COAST ECHO

Students at Pass Christian Middle School had several opportunities to give back to those in need this month. The BETA club hosted its annual food drive supporting two different causes: a local food pantry and the residents of Florida who were affected by Hurricane Michael. Over 600 items were collected with this event!

Members of the student council also held its annual Turkey Teacher Fundraiser. Throughout the week, students collected money for the Christian Concern Ministries Food Pantry which serves the needy families of Pass Christian. As students donated money, they would choose a teacher that they wanted to see wear a turkey costume! The teacher with the most money donated in their name had to dress up like a turkey at the end of the week. This year, STEM teacher, Brandon Warden, received the honor!

Coast Episcopal School Announces Toast to the Coast's "Children in the Arts" Winners

SEA COAST ECHO
Children in the Arts in a unique event that highlights the talents of fourth, fifth, and sixth-grade students in public, private, and parochial schools along the Mississippi Gulf Coast. The inspiration behind the Children in the Arts Contest is to stimulate the creative potential in our young children and to bring to the public an

awareness of the importance of involving children in the arts. In keeping with the gala, the theme for the student show was "Havana Nights". Three grand prize winners and five honorable mentions were chosen by the show's juror, Ocean Springs artist Jerrod Partridge. After its premiere at Toast to the Coast, the show moved indoors to Coast Episcopal School's Gail Keenan Art

Center. All children selected to participate in the Children in the Arts exhibit were invited to an art workshop and reception conducted on Saturday, November 10, 2018.

NOTICE OF RESOLUTION OF INTENT

The Board of Supervisors of Hancock County, Mississippi (the "County") took up for consideration the matter of providing financing for certain capital improvements in the County and, after a discussion of the subject matter, the following resolution was presented for consideration:

RESOLUTION DECLARING THE INTENTION OF THE BOARD OF SUPERVISORS OF HANCOCK COUNTY, MISSISSIPPI TO ENTER INTO A LOAN WITH THE MISSISSIPPI DEVELOPMENT BANK IN AN AGGREGATE PRINCIPAL AMOUNT NOT TO EXCEED THIRTEEN MILLION DOLLARS (\$13,000,000) FOR THE PURPOSE OF FINANCING CERTAIN CAPITAL IMPROVEMENTS IN SAID COUNTY; DIRECTING THE PUBLICATION OF A NOTICE OF SUCH INTENTION; AND FOR RELATED PURPOSES.

WHEREAS, the Gulf of Mexico Energy Security Act of 2006, as amended, and supplemented from time to time ("GOMESA"), provides for the sharing of certain revenues received by the United States government from oil and gas leasing and production in the Gulf of Mexico (the "GOMESA Revenues") with the states of Alabama, Mississippi, Louisiana and Texas and their coastal political subdivisions; and

WHEREAS, GOMESA authorizes GOMESA Revenues to be spent on (a) projects and activities for the purposes of coastal protection, including conservation, coastal restoration, hurricane protection, and infrastructure directly affected by coastal wetland losses, (b) mitigation of damage to fish, wildlife, or natural resources, (c) implementation of a federally-approved marine, coastal, or comprehensive conservation management plan, (d) mitigation of the impact of outer Continental Shelf activities through the funding of onshore infrastructure projects, and (e) associated planning and administrative costs (the "GOMESA Projects"); and

WHEREAS, Hancock County, Mississippi (the "County") is a coastal political subdivision of the State of Mississippi (the "State") and receives GOMESA Revenues under GOMESA; and

WHEREAS, the Board of Supervisors of the County (the "Governing Body"), acting for and on behalf of the County, is authorized under Sections 59-9-1 et seq., Mississippi Code of 1972, as amended and supplemented from time to time, and Sections 19-9-1 et seq., Mississippi Code of 1972, as amended and supplemented from time to time, and any other applicable laws of the State (together, the "County Act"), to provide financing for the GOMESA Projects; and

WHEREAS, the Governing Body, acting for and on behalf of the County, is also authorized under the County Act and Sections 31-25-1 et seq., Mississippi Code of 1972, as amended and supplemented from time to time (the "Bank Act"), and other applicable laws of the State, to provide financing for the costs of the County Project by entering into a loan with the Mississippi Development Bank (the "Bank") to borrow money from the Bank in a total principal amount not to exceed Thirteen Million Dollars (\$13,000,000) (the "Loan"); and

WHEREAS, the Loan will be funded with the proceeds of limited obligation bonds to be issued by the Bank (the "Bank Bonds") and secured solely with the GOMESA Revenues received by the County from time to time; and

WHEREAS, the County Project satisfies the requirements of GOMESA for the use of GOMESA Revenues; and

WHEREAS, the County Project is in accordance with and in furtherance of the provisions of the County Act and the Bank Act; and

WHEREAS, it would be in the best interest of the County for the Governing Body to provide financing for the costs of the County Project by borrowing money by entering into the Loan in accordance with the County Act and the Bank Act; and

WHEREAS, in connection with the County Project, the County expects to incur expenses for which the County will advance internal funds; and

WHEREAS, the County desires to be able to reimburse itself for all or a portion of such expenses of the County Project from the proceeds of the Loan; and

WHEREAS, the Governing Body is authorized and empowered by the County Act, and the Bank Act to enter into the Loan for the purposes as hereinafter set forth and there are no other available funds on hand or available from regular sources of income for such purposes.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY, ACTING FOR AND ON BEHALF OF THE COUNTY AS FOLLOWS:

SECTION 1. This resolution is adopted pursuant to the County Act, the Bank Act and other applicable laws of the State.

SECTION 2. The Governing Body, acting for and on behalf of the County, hereby declares its intention to enter into the Loan with the Bank to borrow money from the Bank in a principal amount not to exceed Thirteen Million Dollars (\$13,000,000) for the purpose of financing the County Project as authorized by the County Act and the Bank Act.

SECTION 3. The Loan will be a limited obligation of the County payable as to principal and interest, solely from the GOMESA Revenues. The Loan will not constitute an indebtedness of the County within the meaning of any constitutional or statutory restrictions, limitations, or provisions, and the taxing power of the County will not be pledged to the payment of the Loan.

SECTION 4. The Governing Body proposes to authorize the Loan in the amount and for the purposes and secured as aforesaid at a meeting of the Governing Body to be held at its usual meeting place in the Board Meeting Room at the Hancock County Government Annex located at 854 Highway 90, Suite A, Bay St. Louis, Mississippi, at the hour of 9:00 o'clock a.m. on December 17, 2018, or at such meeting or meetings subsequent thereto; provided, however, that if twenty percent (20%), or fifteen hundred (1500), whichever is less, of the qualified electors of the County shall file a written protest with the Clerk of the Governing Body (the "Clerk") against the authorization of the Loan on or before the aforesaid date and hour, then the Loan shall not be entered into unless approved at an election on the question thereof called and held as is provided by law; provided, further that if no protest is filed, then the County may enter into the Loan without an election on the question of the issuance thereof at any time within a period of two (2) years after December 17, 2018.

SECTION 5. The Clerk is hereby directed to publish a copy of this resolution once a week for at least three (3) consecutive weeks in the Sea Coast Echo, a newspaper published in and having a general circulation in the County and qualified under the provisions of Section 13-3-31, Mississippi Code of 1972, as amended and supplemented from time to time, with the first publication being not less than twenty-one (21) days prior to the date set forth in Section 4 of this resolution, and the last publication being made not more than seven (7) days prior to such date.

SECTION 6. The Clerk is hereby directed to procure from the publisher of the aforesaid newspaper the customary proof of the publication of this resolution and have the same before the Governing Body on the date and hour specified in Section 4 hereof.

SECTION 7. The County hereby declares its official intent to reimburse itself from the proceeds of the Loan for expenses incurred with respect to the County Project subsequent to the date of this resolution. This resolution is intended as a declaration of official intent under Treasury Regulation 1.150-2. The Loan will not exceed the aggregate amount of Thirteen Million and No/100ths Dollars (\$13,000,000).

SECTION 8. If any one or more of the provisions of this resolution shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any of the other provisions of this resolution, but this resolution shall be construed and enforced as if such illegal or invalid provision or provisions had not been contained herein.

Upon motion duly made and seconded, the foregoing resolution was adopted by a majority of the members of the Governing Body present, being a quorum of said Governing Body. The President of the Governing Body declared the motion carried and the resolution adopted the 19th day of November, 2018.

Coast Symphony presents Holiday Pops concert at Hancock Performing Arts Center

SEA COAST ECHO

Ring in the holiday season with the Gulf Coast Symphony Orchestra's annual "Holiday Peppermint Pops" concert on Sunday afternoon, November 25, at the new Hancock Performing Arts Center in Kiln.

This popular annual holiday concert will be presented at the Hancock Performing Arts Center this year because scheduled renovations have closed Biloxi's Saenger Theater, the Symphony's usual concert venue. The state-of-the-art, 842-seat auditorium with breathtaking acoustics and comfortable seating is located at 7140 Stennis Airport Road, off Hwy 603 in Hancock County. Exit 13 off I-10 will take guests north on Hwy 603 a short drive to Stennis Airport Road.

This year's holiday concert will feature soprano Dr. Kristen Johnson Gunn and be conducted by Gulf Coast Symphony music director Dr. Peter Rubardt. The performance will feature holiday favorites including The First Noel, Ave Maria, It's Beginning to Look a Lot Like Christmas,

The Twelve Days of Christmas, three dances from The Nutcracker, and a holiday sing-along among others.

The concert begins at 3:00 p.m. and will last about one hour. Tickets are \$35 for adults and \$15 for students and can be purchased online at www.gulfcoastsymphony.net or by calling (228) 896-GCSO (4276). Symphony season tickets include the holiday concert.

Dr. Gunn is a Meridian native and graduate of Mississippi College. She earned a Doctor of Musical Arts degree in vocal performance from Florida State University and is currently on the music faculty at Mississippi College. She is an active performer with recent engagements including the Lincoln Center in New York City and a performance in Soweto, Republic of South Africa.

The Gulf Coast Symphony will perform two classical concerts in February and one in March, all in the glass-domed sanctuary of Gulfport's the First United Methodist Church. Season tickets are still available online or by calling (228) 896-4276.
